

The University of Vienna (20 faculties and centres, 179 fields of study, approx. 10.000 members of staff, about 90.000 students) seeks to fill the position as soon as possible of a

University Assistant (prae doc) at the Department of Analytical Chemistry

Reference number: 13156

At the Department of Analytical Chemistry, we are seeking a PhD student with experience in analytical chemistry. The planned research project will focus on the analysis of metabolites from sweat of the fingertips with physiological or medical relevance.

The position is advertised for 4 years, starting with a contract duration of 1,5 years which will automatically be extended to a duration of 4 years, unless the employer does submit a nonextension notification after 12 months.

Duration of employment: 4 years

Extent of Employment: 30 hours/week

Job grading in accordance with collective bargaining agreement: §48 VwGr. B1 Grundstufe (praedoc) with relevant work experience determining the assignment to a particular salary grade.

Job Description:

Advancing the methodology for the analysis of metabolites from sweat of the fingertips. Profound interest in bioanalytical chemistry is a must. The successful candidate will participate in research, teaching and administration:

- Participation in research projects / research studies
- Participation in publications / academic articles / presentations
- Supervision of students
- Participation in teaching and independent teaching of courses as defined by the collective agreement
- Involvement in the department administration as well as in teaching and research administration
- We expect the successful candidate to sign a doctoral thesis agreement within 12-18 months

Profile:

- Diploma or master degree in chemistry, preferably in analytical chemistry or equivalent qualification
- Bioanalytical chemistry
- Liquid chromatography and mass spectrometry
- First experiences in internship supervision
- High ability to express yourself both orally and in writing
- Excellent command of written and spoken English
- IT user skills
- Ability to work in a team

Desirable qualifications are:

- Teaching experience / experience of working with e-learning
- Knowledge of university processes and structures
- Experience abroad
- Basic experience in research methods and academic writing
- Experience in chromatographic techniques coupled to mass spectrometry will be regarded as an added value

Application documents:

- Letter of Motivation incl. research interests
- Curriculum vitae
- List of publications, evidence of teaching experience (if available)
- Degree certificates

Research fields:

Main research field: Chemistry

Special research fields: Analytical chemistry

Importance: must

Education:

Educational institution: University

Educational level: Chemistry

Special subject: Analytical chemistry

Importance: must

Languages:**German:**

Language level: Very good knowledge

Importance: should

English:

Language level: Very good knowledge

Importance: must

Computer-Skills:

Type of computer skills: Basic Knowledge / Basic Knowledge

Specified computer skills: MS Office / MS Office

Importance: must / should
